Subscribing to the VPC eNews

Subscribing to the VPCCommand eNews:

Many of you are receiving this newsletter via email and I have been receiving requests from others to be added to the distribution list. Now, thanks to the hard-working, knowledgeable folks in our Memphis office, you can subscribe to the newsletter. If you are already receiving the eNews there is no need to subscribe as you are already on the list (*unless you have mistakenly removed yourself*), others can be added as follows:

1. Log onto the www.vpbldg.com web site.

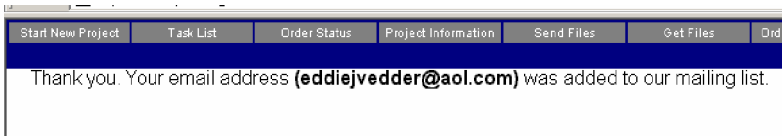

2. Click on the *VP Command eNews* button.

3. Click on the “*Subscribe* to eNews” button.

4. Enter your *email address* and Click on the *Subscribe* button.

5. You will receive a *confirmation* that you have been added!

6. Regular action-packed issues will appear in your email box as if by magic! Thanks for reading!

vpc tip 12 - 4-Bolt Anchor Bolt.doc

- To “*unsubscribe*”, simply click on the notice at the bottom of the email you receive.
- **Be careful** not to click on this by mistake as it is close to the actual attachment! If you do, just subscribe once again.
